<b>Website</b>	<a href="http://www.brickdesigns.nl">www.brickdesigns.nl</a> / <a href="http://www.yourilefers.nl">www.yourilefers.nl</a>
<b>Drivers license</b>	B (Dutch, car)
<b>Nationality</b>	Nederlandse (Dutch)
<b>Date of birth</b>	March 12, 1995
<b>Gender</b>	Male

## Experience

### CO-OWNER & SOFTWARE DEVELOPER, BRICK DESIGNS; LOSSER, NL – 2015 - PRESENT

Spring 2015 I started a webdesign company with a partner of mine. At Brick Designs we design and create websites and mobile applications for Android and iOS. At Brick Designs we've got our own in-house designer.

### FULL STACK SOFTWARE DEVELOPER, X-IP; ENSCHEDE, NL – 2013 - PRESENT

At X-IP we develop websites and applications with frameworks like Drupal, Symfony and AngularJS. At X-IP we also develop mobile applications and host all kinds of software on our servers.

### PROJECTS

**GolnCtrl** – <https://goinctrl.nl> (not yet live) – Angular 2 & Symfony 3

GolnCtrl is an online lubricating oil measurement platform. The platform enables researchers share their lubricating oil analysis with their customers. I've developed the entire core system, including a SSO server that communicates with the original database.

**24Boost** – <http://www.24boost.nl> – AngularJS & Symfony 2.8

24Boost is an online learn and work platform for students of city colleges. I've helped develop an upgrade of some parts of the core system.

**MyDailyPlanner** – <https://www.mydailyplanner.com> – Drupal 7 & AngularJS

MyDailyPlanner is a platform for business owners and their customers. It provides an online agenda in which customers can create appointments at their favorite businesses. I've co-developed the system with our development team. We've also developed a mobile Android and iOS application using PhoneGap,

## Education

**SAXION UNIVERSITY OF APPLIED SCIENCES, ENSCHEDE, NL**  
**COMPUTER SCIENCE, 2013 - PRESENT (2017)**

Already achieved: Propedeuse

### **INTERNSHIPS**

February 2016 / Juli 2016 - JW Player, New York City, USA
